From the Principal’s Desk…

This Friday, Fiona McCormack from the Armidale Police will be coming to our school to talk to students about stranger danger and bike safety. Sergeant McCormack will provide students with information on how to get help and be safe in our community. I would like to invite all parents and community members to come along for the session. This is a wonderful learning opportunity for our children and we welcome everyone to be a part of the session. The talk will start at 2.30pm in our new room. This will replace our weekly assembly.

We will hold our Term 1 Assembly on Monday afternoon at 2.15pm. We are holding the assembly a little earlier than usual as we are fortunate to have Mr Jim White, New England Regional Director and Mr Richard Torbay MP attending. Our assembly will also be our official induction for our Year 6 School Captains. I would like to invite everyone to come along and be a part of our assembly. We will hold it in our new room.

School photos will be taken on Monday morning. It is important that all families wishing to order photos, have their order forms back to the school by Friday. Students will need to be in full school uniform. Photos will be taken at 9.30am. There will also be two students from schools within the Armidale Community of Schools area attending as we need to update our photo.

I would like to thank the P&C for assisting the school in purchasing a portable microphone/speaker system. We will use this at events such as our sports carnivals, talent quests and swimming events.

Finally, could all families please ensure Cross Country notes and money have been returned to the school by this Friday. We will be travelling to Kingstown School next Friday (30th March) leaving at 9.00am. Students will need to be at school earlier on this day. Thanks for your assistance with this.

Have a great week!
Brad Hunt

You Can Do It!

The “Accepting Yourself” focus helps students to focus on having a positive opinion of themselves. Students work on being more efficient and happy with how time is planned, allowing things to get attempted and completed. All keys to success can be utilised under this focus, helping us to have better time management skills as well as trying new things. Having confidence, being able to get along, being better organised, more resilient and being more persistent will allow success and happiness and a good sense of worth.
